Mope: "Why did your wife beat you up this time?"

Dope: "She saw one of the homework papers from the night school course I'm taking. In giving the definition of the word 'stalemate' I said, 'the woman I've been married to for 20 years!'"

Judy: "As my attorney, do you think I'll win the case Mr. Blackstone?"

Lawyer: "I think you will ultimately, Miss Take, but first I'll have to take time to draw up my briefs."

Judy: "You know, I have the same trouble all the time with my stockings!"

.....

Mistress: "Look, Wong, you're a wonderful cook but you mustn't come barging into my bedroom late in the evening to ask me about tomorrow's menu. I might be undressed."

Wong: "Oh, that's all right, madam. Wong know whether or not you dressed. Always peek first through keyhole!"

.....

Then, there is the story of the girl in the nudist camp who avoided getting a sun tan because she wanted a white wedding.

.....

"Bertha, will you marry me? I know I'm 75 years old, but you're over 50 yourself and you don't want a flaming youth."

Bertha: "It's true, I don't want a flaming youth, Mr. Parker, but I would like a man who has at least got a pilot light."

.....

Dieter: A wishful shrinker.

.....

"My girl has an hour-glass figure."

"She has?"

"Yes, but her old man caught me playing around with the sand, and now my time is running out for me as a bachelor!"

.....

"How did the trouble start?"

"Well, Judge, she asked me to play around and I didn't know she was a golfer."

.....

The bathtub was invented in 1850 and the telephone in 1875. Just think, back in 1850 you could have been in the bathtub for 25 years without being bothered by the ringing of the telephone!"

.....

Drive carefully! We don't give a dam about you, but the life you save may be some beautiful girl's!

.....

A GI went over to the infirmary and said, "Doc, I feel so bad I often think of killing myself."

"Now, now," soothed the doctor, "just leave that to us."

.....

Downfall-- could mean a man who battled his way to the top, and bottled his way to the bottom.

.....

Customer: "Could I try on that suit in the window?"

Salesman: "We'd rather you'd use the dressing room."

.....

Dope: "Oh, I could have been a big shot. I had a wonderful restaurant on the Lincoln highway, but I was greedy and I installed a gasoline pump too, it ruined my restaurant business."

Mope: "I can't understand that. Lots of highway restaurants sell gasoline on the side."

Dope: "Well, maybe it was the big sign I painted: Eat Here -- and Fill Up With Gas!"

.....

"How did you get that black eye?"
"I got hit by a guided muscle."

.....

"There is nothing like getting up at six in the morning, taking an ice cold shower and run around the park before breakfast."

"How long have you been doing this?"
"I start tomorrow."

.....

Sign in a gym. "We make Colts out of old 45's."
